## Full Cover Stick Concealer

Ref. No: 1550

Welcoming our First Time Concealer! If you want to conceal your under eye dark circles, dull imperfections or lift and brighten/highlight certain areas of your face then this product will be your new best friend. The concealer game has changed the make up world and that's why it's extremely important for you to choose the correct concealer depending on your needs. We understand your needs and that's why our concealers have two different consistencies: a stick concealer and a liquid concealer, coming in three shades (light/medium/dark). We recommend you use the liquid concealer for under the eyes as it is less likely to crease into fine lines. You can also use it for other blemi.
